

Nineteen of our students went to West Point to compete in the Special Olympics on Saturday (4/25/09). They competed in the 50m walk, 50m run and 100m run... Please see the list below for student names and medals/ribbons! Many thanks to Kwame Wiafeakenten and Jamar Richardson for working diligently to get our athletes ready to participate! Kwame reports that our staff who accompanied the kids were a terrific help-keeping kids safe in a very busy, crowded environment as well as encouraging and cheering our athletes on to success! An extra thank you to Tony Glenn, Jennifer Parsons, Pamela Gales and Sharon Scafe for joining in on the event and working toward their Special Olympics coaching certification... Congratulations to Holly staff, Brian Muse and Spruces staff, Frank Allen- both obtained their coaching certification as well! Coaching is another example of our staff "going the extra mile" toward supporting our kids! Thanks to all!
