When School is Closed

Right now schools are closed to help keep the Coronavirus from spreading to new people.

They are closing for at least two weeks and then the schools and the government will decide if it is safe to open them again or if they will stay closed longer.

I can also take quick breaks to move around or give my brain a rest. During my breaks, I can stretch or do deep breathing.

Just like school, I will keep my breaks short and then go back to work.

I can also make a schedule for doing my schoolwork so I will know when to take a break!

**I am going to work hard and learn all I can
while my school is closed! My family and
teachers will be very proud of me!**
