

BECOME OUR PARTNER IN OPTIMIZING THE QUALITY OF LIFE FOR INDIVIDUALS WITH AUTISM

Anderson Center for Autism (ACA) offers award-winning educational, residential, consultative, and vocational services designed to optimize the quality of life for people with autism spectrum disorder. Whether inside the classroom, the residence, or out in the community, our caring, professional team harnesses the power of technology, creative arts, positive behavioral supports, and evidence-based practices like Applied Behavior Analysis to maximize the potential of those we serve.

Celebrating our role as a leader in the field for 100 years, Anderson Center for Autism positively impacts autism services in all corners of the globe.

Anderson Foundation for Autism (AFA) raises funds to directly support un-funded or under-funded initiatives of Anderson Center for Autism. Additionally, as the Foundation has grown, it now provides limited opportunities for outside organizations doing work aligned with our mission to optimize the quality of life for individuals with Autism to apply for and win grant funds, strengthening and broadening the impact of Anderson Foundation for Autism.
